**Theme: Children´s Republic of Döbriach – that´s how we change the world!**

More information on our model of democracy and the democratic, participative structures, in which we will live together during the two weeks, can be found on the next page.

**Price:** The participation fee for the International Camp 2017 is **€ 280,-/person** (€ 145,-/person for one week), including full board (3 meals a day – mainly two warm ones), programme, the Camp´s infrastructure and all fees and taxes –bringing/using your own tents of course.

**Who we kindly invite to take part:** We are very much looking forward to all participants from all over the world who want to take part our camp in summer 2017. We are going to plan our programme for 6-15 old kids. Of course families with younger children as well as young adults are more than welcome to join us in Döbriach. Internationally there is quite some good feedback and interest in coming to Austria so far, eg. from England, Finland, Belgium, Catalonia and Germany.

**Meals:** Lunch and dinner are prepared centrally by professionals. Breakfast (continental) is organised centrally as well. We kindly ask you to bring your own dishes and cutlery with you as the food is provided directly in the villages. Other cooking stuff is not really necessary – but if you want to take gas cookers or pots with you, feel free to do so. We are offering a vegetarian and vegan menu as well.

**Tents:** We are living in tents – you need to bring your own tents OR you can rent them from us. Our campsite can provide you with **5 person sleeping tents**, so called Kokomos, for a lump sum of **€ 20,-/tent for the whole two weeks**. You have to build them up, treat and clean them carefully and take them down in the end yourself – our central stuff is going to guide you. Mattresses and wooden pallets are available –at least while stock lasts.

**Travelling:** All the travelling to and from the camp has to be organised and financed by you. But of course we help you to get the best group prices for public transport to/from the arrival spots (airports, train stations) in Austria. It´s easier to book tickets here for you as long as we get all necessary details in advance. Shuttle services from/to the train stations in Villach or Spittal/Millstättersee to/from the camp can be organised by us as well.
